

INTERFUZE

OASIS

WHO WE ARE:

Built on decades of serving all branches of the military, the Department of Defense, and Civilian organizations, InterFuze is meticulously engineered to deliver comprehensive, innovative solutions and exceptional performance to enable our clients' critical missions. InterFuze's collaborative team of diverse and talented people – engineers, designers, scientists, logisticians, analysts, technicians, cyber/IT and business professionals – share the vision to be first choice for professional and technical services through a relentless focus on excellence in all that we do.

InterFuze's wide range of core competencies provides the depth and breadth of talent necessary to address the needs of any client. Through its OASIS Small Business (SB) and Unrestricted (UN) Pool 3 and 4 contracts, InterFuze is now able to offer Best-in-Class contract services.

WHAT WE DO:

- > **Engineering, Science & Integration:** InterFuze provides innovative solutions for complex human, space, and weapons systems serving soldiers, first responders, government agencies, community planners, and others that keep our country moving forward. Our high-technology systems support national security, force protection, reconnaissance, and surveillance missions.
- > **Environmental & Infrastructure:** InterFuze ensures you can operate safely, efficiently, and strategically in even the most challenging locations. We have decades of experience with both range management and all-hazards response management.
- > **Logistics & Operations:** InterFuze provides expertise in Integrated Logistics Services (ILS) and Operations Support, including life cycle management, procurement, inventory, and asset management.
- > **Training & Exercises:** InterFuze provides the education and capability to protect military and civilian lives by improving the readiness of personnel to meet their mission requirements.
- > **Enterprise IT Services:** InterFuze develops and maintains secure, reliable, and responsive IT infrastructure systems designed to meet our client's goals and mission. Focusing on end-user satisfaction, InterFuze is an industry leader in Enterprise IT services for the Military, Civilian Agencies, and the Intelligence Community.

INTERFUZE

We are a collaborative team of diverse and talented people. Focused on our core values, our servant leadership exhibits the principles of excellence through modeling ethical, caring behavior and prioritizing client success and staff growth. This commitment to take initiative to do great work every day produces excellent results.

OASIS Unrestricted (UN)—GSA's OASIS Tier 3, Best-in-Class solutions make procuring complex professional services expedient by maximizing streamlined acquisition processes. GSA has already done the heavy lifting of negotiating and awarding a master government-wide Indefinite Delivery/Indefinite Quantity (IDIQ) program (under FAR 16.505), allowing agency acquisition professionals to focus on mission-critical requirements.

Digital Tools to Improve Your Acquisitions

- 

Acquisition Gateway: Use this workspace for acquisition professionals and federal buyers to connect with resources, tools, and each other to improve government-wide acquisition.
- 

Contract-Awarded Labor Category (CALC): Search awarded ceiling rates for labor categories, perform market research on professional services labor categories, build IGCEs, and make price comparison evaluations.
- 

Discovery Market Research Tool: Explore GSA service contracts, vendors, and vendor contract history to determine whether a GSA contract can meet your agency's needs.
- 

Steps to Performance-Based Acquisition (SPBA): Use this digital platform to walk through the eight steps of performance-based acquisition, including templates and resources.
