

# INTERFUZE

ENGINEERING HUMAN ACHIEVEMENT

# OASIS

## WHO WE ARE:

Built on decades of serving all branches of the military, Department of Defense and Civilian organizations, InterFuze is meticulously engineered to deliver comprehensive, innovative solutions and exceptional performance to enable our clients' critical missions. InterFuze collaborative team of diverse and talented people – engineers, designers, scientists, logisticians, analysts, technicians, cyber/IT and business professionals – share the vision to be the Partner of Choice for government services through a relentless focus on excellence in all that we do.

InterFuzes wide range of core competencies provides the depth and breadth of talent necessary to address the needs of any client. Through our OASIS Small Business (SB) and Unrestricted (UN) Pool 3 and 4 contracts, InterFuze is now able to offer Best in Class contract services.

## WHAT WE DO:

- > **Engineering Science & Integration** InterFuze provides innovative solutions for complex human, space, and weapons systems serving soldiers, first responders, government agencies, community planners, and others that keep our country moving forward.
- > **Environmental & Infrastructure** InterFuze ensures you can operate safely, efficiently, and strategically in even the most challenging locations. We have decades of experience with range management and CBRNE response management.
- > **Logistics & Operations** InterFuze provides expertise in Integrated Logistics Services (ILS) and Operations Support, including life cycle management, procurement, inventory, and asset management.
- > **Training & Exercises** InterFuze provides the education and capability to protect military and civilian lives by improving the readiness of personnel to meet their mission requirements.
- > **Enterprise IT Services** InterFuze develops and maintains secure, reliable, and responsive IT infrastructure systems designed to meet our client's goals and mission. Focusing on end-user satisfaction, InterFuze is an industry leader in Enterprise IT services for the Military, and Civilian Agencies.

## Our operations around the Globe include:

- |                       |                  |
|-----------------------|------------------|
| Huntsville, AL        | Clovis, NM       |
| Montgomery, AL        | Fayetteville, NC |
| Oceanside, CA         | Jacksonville, NC |
| Ft. Walton Beach, FL  | Hillsboro, OR    |
| Panama City Beach, FL | Stafford, VA     |
| Albany, GA            | Afghanistan      |
| Vicksburg, MS         | Jordan           |
| Edgewood, MD          | Kuwait           |
| Salem, MO             |                  |

## OASIS CONTRACTS:

- > Offer single solution for complex requirements
- > Support multiple technical disciplines and commercial—or non-commercial—acquisition
- > Support all contract types, including hybrids and cost-reimbursement, at the task order level
- > Allow ancillary support / ODCs at task order level
- > Have no program ceiling, a five-year base and one five-year option a benefit to long-term planning for complex program requirements

# INTERFUZE

We are a collaborative team of diverse and talented people. Focused on our core values, our servant leadership exhibits the principles of excellence through modeling ethical, caring behavior and prioritizing client success and staff growth. This commitment to take initiative to do great work every day produces excellent results.

*InterFuze's portfolio of contracts mixes the best capabilities with a full range of service and procurement options. Our contracts allow for a complete tailored solution to meet mission needs for everything from R&D, systems integration, total package fielding, equipment/package training, logistics support, and equipment procurement. Our approach provides the customer with the support they need from our in-house program and subject matter experts, as well as our partnerships with vendors and other service providers.*

## Digital Tools to Improve Your Acquisitions

**Acquisition Gateway:** Use this workspace for acquisition professionals and federal buyers to connect with resources, tools, and each other to improve acquisition governmentwide.

**Contract-Awarded Labor Category (CALC):** Search awarded ceiling rates for labor categories, perform market research on professional services labor categories, build IGCEs, and make price comparison evaluations.

**Discovery Market Research Tool:** Explore GSA service contracts, vendors, and vendor contract history to determine whether a GSA contract can meet your agency's needs.

**Steps to Performance-Based Acquisition (SPBA):** Use this digital platform to walk through the eight steps of performance-based acquisition, including templates and resources.
